# XV GT EDITION

# XV GT EDITION

Fire up the streets with the bold and tough XV GT Edition. Built with sleek accessories designed by the renowned Masahiko Kobayashi, former Chief Designer (Head of Global Advanced Design Studio) at Subaru Corporation, with over 25 years of experience. He is the man behind the Levorg, WRX, WRX STI, first-generation XV and more. This XV GT Edition has new, sleek and sporty enhancements plus special leather seats inspired by high-performance European grand tourers. Feel the heat with the XV GT Edition now.

## 01 Front Bumper Lip Extension

Added for a sleeker look.

## 02 Rear Bumper Lip Extension

Offers added protection to the bumper area while giving it a rugged accent.

## 03 Side Skirts

Lending a more robust feel.

## 04 Bespoke Alloy Wheels

Exclusively manufactured to complete the bold look of the XV GT Edition.

## 05 Roof Spoiler

Improves aerodynamics and handling due to more effective downforce.

## 06 Superview Around Recognition 360° System

Makes manoeuvring and parking in tight spaces easier with the four cameras, strategically positioned for a clearer view.

## 07 Special Leather Seat Upholstery

Inspired by the cabins of high-performance grand tourers from Europe.

## BOLD SAFETY

### Symmetrical All-Wheel Drive

Designed to distribute power to all wheels for better steering response. It offers surefooted stability even at high speeds or in bad weather, plus balance and traction on wet roads too.

### Subaru Global Platform

Taking superior driving capabilities to a new level, the Subaru Global Platform delivers improved manoeuvrability, reduced vibration and noise, plus the confidence to navigate all roads.

### Direct Fuel Injection Boxer Engine

In addition to the lower centre of gravity, the 2.0-litre horizontally-opposed engine now comes equipped with Direct Injection to boost fuel economy, engine output and performance.

### All-Around Safety

The increased use of high-tensile steel provides a stronger frame that improves impact energy absorption by 40%. A total of 7 SRS airbags – front, front-side, curtain, and knee – offer a higher level of protection.

## BOLD FEATURES

### X-MODE

The newly evolved X-MODE lets you tackle surfaces covered with snow, dirt or gravel with [SNOW/DIRT] mode or [D.SNOW/MUD] mode for deep snow, mud or dry dirt. It utilises the high torque and quick response of the drive motor for improved ability to avoid getting stuck, further enhancing driving performance and sense of security. Its Hill Descent Control also offers a controlled and constant speed even on downhill.

### LED Signal Mirror NEW!

Experience the benefits of enhanced safety and visibility with our LED side mirror glass indicator, designed with an anti-glare blue tint. The slim profile incorporates bright LED signals that boost awareness for other drivers, giving you added confidence on the road, both day and night.

### JBL Audio Speaker with Subwoofer NEW!

Elevate every drive with JBL speakers featuring a subwoofer, for exceptional audio performance. Crafted for crystal-clear sound and deep, powerful bass, these speakers provide a rich auditory experience, whether you're cruising down the highway or enjoying a scenic journey.
